Laugh Lines....

Real answers given by children on a science exam:

Q. Name the four seasons:
A. Salt, pepper, mustard, and vinegar.

Q. How is dew formed?
A. The sun shines down on the leaves and makes them perspire.

Q. What happens to your body as you age?
A. When you get old, so do your bowels and you get intercontinental.

Q. What happens to a boy when he reaches puberty?
A. He says goodbye to his boyhood and looks forward to his adultery.

Q. Name a major disease associated with cigarettes:
A. Premature death.

My husband and I are both in an internet business, but he’s the one who truly lives, eats and breathes computers. I finally realized how bad it had gotten when I was scratching his back one day. “No, not there,” he directed. “Scroll down.”
