Grants funded by the Congregation of St. Joseph have been very helpful in securing various pieces of equipment for both campuses. Head phones and language lab CDs have been received, along with a new kiln and portable microphone system. We are most grateful for the generosity always shown by the Congregation and for the continued strong support of People Program.

Plans for our summer and fall sessions are underway. We are eager to add new classes to our roster. If you know of anyone who can share their expertise on a certain subject OR if YOU are able to share, please let Jan or Delores know.

**Laugh Lines.....**

This guy goes into the doctor's office. The doctor says, "Oh, Mr. Jones! We have the results of your test. Do you want the bad news first or the very bad news?" The guy shrugs, and says, "Well, I guess I'll have the bad news first."

"Well, the bad news is, you have 24 hours to live," the doctor replies.

The man is distraught. "Twenty-four hours to live? That's horrible. What could be worse than that? What's the VERY bad news?"

The doctor folds his hands and sighs, "The very bad news is....I've been trying to contact you since yesterday."

In a crowded motor vehicle bureau, a woman was waiting for her license to be printed. When her name was called, she went over and picked up the first card she saw. "Yikes!" she exclaimed. "I can't believe I look that old and decrepit!" Her face reddened when the woman behind her said, "That's mine!" and snatched the card from her hand.
