Eating asparagus is a great way to receive vitamin K and folic acid. Benefits include heart health, good digestion and colon health. Asparagus can also lower cholesterol levels.

This vegetable is very versatile since it can be roasted, pan-fried, grilled, boiled and can be put into salads and pasta Alfredo. It's even delicious with hollandaise sauce.

Make sure to purchase stalks that are firm and bright green. Don't purchase asparagus too long before intended use. (3 days) It is best stored by wrapping the stem ends in a wet paper towel and then sealed in a plastic bag.

Bon Appetite!

### Laugh Lines.....

A Sunday school teacher asked the children just before she dismissed them to go to church, "And why is it necessary to be quiet in church?" Annie replied, "Because people are sleeping."

Two boys were walking home from church after hearing a strong preaching on the devil. One said to the other, "What do you think about all this Satan stuff?" The other boy replied, "Well, you know how Santa Claus turned out. It's probably just your dad."

One Easter morning as the pastor was preaching a children's sermon, he reached into his bag of props and pulled out an egg. He pointed at the egg and asked the children, "What's in here?" "I know, I know!" a little boy exclaimed, "pantyhose!"

The Sunday school teacher was describing that when Lot's wife looked back at Sodom, she turned into a pillar of salt, when Bobby interrupted. "My mommy looked back once when she was driving," he announced, "and turned into a telephone pole."
