Laugh Lines.....

The goal of golf is to play as little golf as possible.

Are those who frequently sneeze the most blessed?

If weights were invisible, the gym would become a slow motion disco.

Is a paper cut the tree's way of getting back at you?

Searching for a new laptop online is basically forcing your current computer to dig its own grave.

Sweater is a pretty disgusting name for a piece of clothing.

The devil shakes a pitchfork; the grim reaper swings a scythe....so is farming a big thing in the underworld?

They say that age is all in your mind. The secret is keeping it from creeping down into your body.

It's important to leave a twinkle in your wrinkle!
