ANNUAL APPEAL 2017

As a non-profit, People Program relies heavily on its annual fundraisers to cover expenses that tuition does not. We hope that ALL teachers and students take a serious look at the letter that was mailed last week, and that **everyone** responds in some way whether large or small. We are forever grateful for the extraordinary generosity of our volunteer teachers and of students who pay the fee to attend classes. Will you consider doing just a little more so that we can keep People Program in tip top shape and continue to offer the quality of service that we do? Response in the past few years has totaled about 15%. Can you imagine what would happen if a 100% response occurred? A \$5 contribution is better than no contribution. Can we count on **YOU?**
