**Laugh Out Loud.....**

Two men waiting at the pearly gates strike up a conversation. "How'd you die?" the first man asks the second.

"I froze to death," says the second. "That's awful. How does it feel to freeze to death?" asks the first.

"It's very comfortable at first. You get the shakes, and you get pains in all your fingers and toes. But eventually, it's a very calm way to go. You get numb and you kind of drift off. As you're sleeping.

"How did you die?" says the second. "I had a heart attack", says the first guy. "You see, I knew my wife was cheating on me, so one day I showed up at home unexpectedly. I ran up to the bedroom and found her alone knitting. I ran down to the basement, but no one was hiding there. I ran up to the second floor, but no one was hiding there either. I ran as fast as I could to the attic, and just as I got there I had a massive heart attack and died."

The second man shakes his head. "That's so ironic." He says.

"What do you mean?" asks the first man.

"If only you had stopped to look in the freezer, we'd both still be alive."
