The whole world smiles with you.....

A middle aged woman has a heart attack and is taken to the hospital. While on the operating table, she has a near death experience. She asks God, "Is my time up?"

"Oh, don't be silly," God replies. "You have another 43 years, 2 months, 8 days, 5 hours and 23 minutes left to live."

Upon recovery, the woman decides to stay in the hospital and have a face-lift ,brow lift, lip enhancement, boob job, liposuction and tummy tuck.

After the last operation, she's released from the hospital, and while crossing the street, she's hit by a truck and killed instantly.

Arriving in heaven, she asks God, "I thought you said I had another 43 years! Why didn't you pull me out of the path of that truck?"

"Girl," God replies, "I didn't even recognize you!"
