### Volunteer Spotlight

Deborah Kerwin wanted to be an artist since age 3! She remembers being inspired by the Jackson Square displays of artistry and believing then that they had truly "made it". Her multitalented painting gift has sparked an enthusiasm for and eagerness to "pass on what she has learned." After earning an art degree from Delgado, Deborah has taught in several venues: from workshops, to private studios, and now at People Program where she instructs Beginning and Intermediate Oil Painting on the West Bank.

While at Delgado, some fellow students shared their excitement about People Program, and Deborah called to ask if she could be of service. How lucky are we!!!

Deborah's selfless style is reflected in her desire to have others learn as much as they can, while they can. The family DNA has produced one son and two grandchildren who are artists! Deborah is happily married to husband Harold who goes by the

name of "Pat" because he was born on St. Patrick's Day. Deborah's gifts have certainly made the People Program landscape a work of art!

We are continuing to collect needed items for **Lantern Light**. Look for a list of needed goods on each campus. Bins are provided for your donations. Thanks for your generosity!

**Lines...**

The story of Adam and Eve was being carefully explained in the children’s Sunday School class. Following the story, the children were asked to draw a picture that would illustrate the story

Little Bobby was most interested and drew a picture of a car with three people in it. In the front seat, behind the wheel was a man and in the back seat, a man and a woman.

The teacher was at a loss to understand how this illustrated the lesson of Adam and Eve.

But Little Bobby was prompt with his explanation. “Why, this is God driving Adam and Eve out of the garden!”
