Laugh Lines...

A motorist, driving by a ranch, hit and killed a calf that was crossing the road. The driver went to the owner of the calf and explained what had happened. He then asked what the animal was worth. "Oh, about \$200 today," said the rancher. "But in six years it would have been worth \$900. So \$900 is what I'm out." The motorist sat down and wrote out a check and handed it to the farmer. "Here," he said, "is a check for \$900. It's postdated six years from now."

Why wouldn't the shrimp share his treasure?
He was a little shellfish.

A doctor called his patient and said, "The check you gave me for my bill came back."
The patient replied, "So did my arthritis."
