Thanksgiving Thoughts.....

Thanks for:

The spouse who complains that dinner is not on time because s/he is with me and not with someone else.

My shadow who watches me work because it means I am out in the sunshine.

All the complaining I hear about our government because it means we have freedom of speech.

The space I find at the end of the parking lot because it means I am capable of walking.

My huge heating bill because it means I am warm.

The clothes that fit a little too snug because it means that I have enough to eat.

The alarm that goes off early in the morning because it means that I am alive.
