Laugh Lines

Someday, we old folks will use cursive writing as a secret code.

When I am an old lady, I'm going to leave snacks in little bags on the floor all over the house in case I fall down.

If things get better with age, I must be getting' freakin magnificent.

I remember being able to get up without making sound effects.

Age gets better with wine.

The idea is to die young...as late as possible.

I hate it when I see an old person and realize we went to high school together.

"For better digestion, I drink beer. In case of appetite loss, I drink white wine. In case of low blood pressure, I drink red wine. In case of high blood pressure, I drink scotch. And when I have a cold, I drink Schnapps. "When do you drink water?" "I've never been sick."
