We are so grateful for the awesome assistance that we received on both campuses that allowed our Fall Fest weeks to be such a great success.

The bakers, the lunch makers, the cash takers, and the “donaters” are all to be applauded!!!! These events truly bring to the forefront our mission “that all may be one”. To all of our “givers”: may many blessings fill your days for the generous spirit that you have shown.

People Program Annual Appeal letters went out last month, and we are grateful for the response so far. Our fabulous program is funded through student fees,

grants and fundraisers. These efforts still do not fill the gap between budget expenses and incoming revenue. That is why the Annual Appeal is so very vital. Please consider a donation; the size does not matter. We are all in this together, which is what makes People Program so special. Thank you for your generosity!

We are so excited to announce that Charmaine Neville will be our next Spring Gala Honorary Chair! Charmaine will add such a New Orleans flavor to our event! The date is now set for Sunday, March 12, noon to three at the Sen. Ted Hickey Ballroom on UNO’s campus. Early planning always includes the search for corporate sponsors who would love to advertise their name in front of the 300 attendees. Many of us probably have connections to companies that would be proud to sponsor our event. People

Program needs your help. Please see Jan or Delores for any referrals that you may have.

Got Shoes? Kiwanis Pontchartrain has a use for them. See Myra Lewis (Lakeshore) or Deidre Charlot (Westbank). Collection boxes are out for new or gently used shoes.

In Memoriam

Dalton Woolverton

Laugh Out Loud!

A young woman went to her doctor complaining of pain. “Where are you hurting?” asked the doctor. “You have to help me. I hurt all over,” said the woman.

“What do you mean, all over?” asked the doctor, “be a little more specific.” The woman touched her right knee with her index finger and yelled, “Ow, that hurts.” Then she touched her left cheek and again yelled, “Ouch,that hurts too!”

Then she touched her right earlobe, “Ow, even THAT hurts!” she cried. The doctor checked her thoughtfully for a moment and told her the diagnosis, “You have a broken finger.”

Today, in the cutest voice, my 8-year-old daughter asked me to start recycling. I chuckled and said, “Why?” She replied, “So you can help me save the planet.” I chuckled again and asked, “And why do you want to save the planet?” “Because that is where I keep all my stuff,” she said.
