IN THE GREEN!

We can all appreciate the humble ceiling fan on a hot day, particularly when it's coupled with a cold glass of lemonade. But the same fan that cuts summer electric bills by as much as 40% can also help out in the winter. Fans today are made with a little switch that changes blade rotation. Counterclockwise produces that pleasant summer breeze we crave. Clockwise makes an updraft that sends the warmer air pooled near the ceiling back into the living space – cutting costs by as much as 10%.

Just a quick reminder...Lakeshore Campus students....Please do not park by the yellow lines which mark the 2 walkways leading from the parking lot to the campus. This obstructs our ability to get our carts and other rolling containers onto the proper pathways. Thanks so much!

Spring Showcase? YES.....both campuses are planning this memorable event. More details to follow on where the Lakeshore Campus will stage their show and tell!

If you ordered and paid for Sr. Helen Prerjean's book and have not picked it up, please ask the receptionist. Books will be available during the week of 2.18.13. If you are not sure of your purchase, ask the receptionist to check the list.

Thanks!
If you have any clothing items to donate to Catholic Charities, please contact Mary Bose (361-3632) or Delores Hall (834-0262). Thanks!

Laugh Along.....

An 8-year-old girl went to her grandfather, who was working in the backyard and asked him, "Grandpa, what is a couple s ex? The grandfather was surprised that she would ask such a question, but decided that if she's old enough to ask the question then she's old enough to get a straight answer. Steeling himself to leave nothing out, he proceeded to tell her all about human reproduction and the joys and responsibilities that go along with it. When he finished explaining, the little girl looked at him with her mouth hanging open, eyes wide in amazement. Seeing the look on her face, the grandfather asked her, "Why did you ask this question, honey?" The little girl replied, "Well. Grandma says to tell you that dinner will be ready in just a couple of secs."
