**Laugh Along!**

After putting her grandchildren to bed, a grandmother changed into old slacks and a droopy blouse and proceeded to wash her hair. As she heard the children getting more and more rambunctious, her patience grew thin. Finally, she threw a towel around her head and stormed into the room, putting them back to bed with stern warnings. As she left the room, she heard the three year old say with trembling voice, "Who was THAT?"

My grandson called the other day to wish me Happy Birthday. He asked me how old I was, and I told him 62. My grandson was quiet for a moment, and then he asked, "Did you start at one?"
