Earth Day is April 22.

Remember our memorial planting of the mock orange from the Mirabeau campus.

Also, there are many ways you can celebrate Earth Day at home, including cleaning

your dryer lint catcher. Doing so can reduce energy by 30%.

Watch the insecticide and herbicides you put in your home and yard. If they kill pesky bugs and weeds, you can be sure they're toxic. That's a danger for birds, pets, children, etc. Look for organic or natural solutions to removing pests!

Remember to recycle your printer cartridges, eyeglasses, batteries and old cell phones in the bins outside room 2.

We compost! The bin on the kitchen counter next to the microwave.

Punditry for the overly educated

The fattest knight in King Arthur's round table was Sir Cumference. He acquired his size from too much pi.

I thought I saw an eye doctor on an Alaskan island, but it turned out to be an optical Aleutian.

Time flies like an arrow. Fruit flies like a banana.

A vulture boards an airplane carrying 2 dead raccoons. The stewardess looks at him and says "I'm sorry sir, only one carrion per passenger"

Blessed Holy Week and Easter to all!
