**Interested in volunteering during the summer at People Program?**

We are looking for a volunteer with receptionist experience (not a must) or who has good people and telephone skills to oversee the reception desk during the Summer session. The dates are on Wednesdays only, June 11 – July 16 from 8:30 to 3:30 p.m.

The person would be required to greet people coming into the Center; learn the telephone system and give out accurate info about People Program. Orientation would be given by Jan Martino and staff would be around to assist and answer questions. Spend part of your summer with us; we really would appreciate it. If interested, please speak with Jan (504-284-7678) or e-mail her at [neworleans@peopleprogram.org](mailto:neworleans@peopleprogram.org).

People Program extends a huge thank-you to Tulane interns Andrea Jones and Penny Roberts who graced the Lakeshore campus with their presence. Both ladies were engaging, wise and caring. Our students gained many insights into the aging journey because of their expertise. We wish them the best as they aspire to their goal of PhD.

**Tips on keeping Cool!**

Provide effective shade for east and west windows.

Use ceiling fans to increase comfort levels at higher thermostat settings.

Clean or change your AC filters every month.

Install white shades or mini-blinds. Mini blinds cut solar heat by 40-50 percent.

Hmm...some things to consider!

All I ask is a chance to prove that money can't make me happy.

If the world were a logical place, men would be the ones who ride horses sidesaddle.

They told me I was gullible, and I believed them!

It's scary when you start making the same noise as your coffeemaker!

Don't think of it as hot flashes; think of it as your inner child playing with matches!

What is a "Free gift"? Aren't all gifts free?

Teach a child to be courteous and polite at home, and when he grows up, he'll never be able to merge his car into the freeway.

Experience is the thing you have left when everything else is gone.

My weight is perfect for my height – which varies.

If swimming is so good for your health, how you do explain whales?

Is it my imagination, or do buffalo wings taste like chicken?
