Volunteer Spotlight

Ann Valliant's gifted hands have delighted so many in the span of her life of generosity. Ann first started knitting in grammar school where she and a group of other girls spent dedicated time creating scarves for the troops in World War Two. She did not pick up the craft again until she used her time in hospital settings where she waited long hours for the care of her daughter who experienced some physical challenges. Ann taught herself to crochet and, once again her "happy hands" produced works of art.

Now Ann shares her talent on the West bank campus in her knitting classes, and also lends

her expertise in the game of Canasta. Ann first came to People Program in January of 2005 as a student, and has been teaching for 3 years. She cherishes the moments when her students witness their progress as their faces light up with glowing accomplishment. Ann says that she has met the most wonderful people, and loves that many times the class actually team teaches.

Born and raised in Algiers, Ann has 3 children, 5 grandchildren, and 3 great grandchildren. Her husband Jim is retired from the oil "patch" where he worked on repairs and renovation. Ann's creative genius has certainly enhanced the mission of People Program. She claims that her favorite creations are hats for her granddaughters. But the special requests from family members are always scarves. "My life would be very dull without People Program", Ann says. And the West Bank campus would agree that Ann adds a special spark wherever she goes. Thank you, Ann Valliant, for knitting your way into the hearts of all who know you.

YOU KNOW YOU'RE IN LOUISIANA IN JULY IF

*The birds have to use potholders
to pull worms out of the ground.
The trees are whistling for the
dogs.*

*The best parking place is
determined by shade instead of
distance.*

*Hot water now comes out of both
taps.*

*You can make sun tea instantly.
You learn that a seat belt buckle
makes a pretty good branding
iron.*

*The temperature drops below 95
and you feel a little chilly.*

*You actually burn your hand
opening the car door.*

*You break into a sweat when you
step outside at 7:30 AM.*

*The potatoes cook underground,
so that all you have to do is pull
one out, add butter, salt and
pepper.*

*Farmers are feeding their
chickens crushed ice to keep them
from laying boiled eggs.*

*The cows are giving evaporated
milk.*

Ah, what a place to call home!

**GOD BLESS THE STATE
OF LOUISIANA!!**
