Help us get the word out!

People Program is the best kept secret in the Greater New Orleans area. And we want to change this. The staff is very willing AND excited about scheduling speaking engagements for clubs, school parishes, and any other organizations whose audience is People Program appropriate. We all have connections to various groups, and the power of communication is in the numbers. Please let the staff know of any opportunities to spread the word!

Lakeshore Campus Parking:

Even though we have no lines to designate parking slots, we are asking our attendees to park at an appropriate angle on both sides of the parking lot. The lot's entry is from Elysian Fields ONLY. DO NOT enter from Lakeshore Drive. This puts the parking

angle in the incorrect direction, thus making it difficult to fit the appropriate number of cars. Thank you for your attention to this matter.

Once again, People Program will begin collecting toiletries and food items in October for Lantern Light, a New Orleans center that ministers to the homeless. You have been very generous in the past, and we anticipate a similar response. Lists of needed items and bins will be available on both campuses in the coming weeks.

West Bank News:

The Fall Fest is scheduled for Friday, October 24 in the Msgr. Allen Roy Parish Center. Wine, savory food choices, and live music will all be a part of a delightful evening. This event

offers a chance for both campuses to share time together. More details to follow.

Laugh Lines...

As I was lying in bed pondering the problems of the world, I rapidly realized that some things are totally contradictory:

If walking is good for your health, the postman would be immortal.

A whale swims all day, only eats fish, drinks water, and is fat.

A rabbit runs and hops and only lives 15 years.

A tortoise doesn't run and does nothing, yet lives 450 years.

And you tell me to exercise?!!!

Now that I am older, here's what I discovered:

My wild oats have turned into prunes and all-bran.

I finally got my head together, and my body is falling apart.

It is easier to get older than it is to get wiser.

If God wanted me to touch my toes, he would have put them on my knees.
